TEACHING THE FUTURE: HARNESSING THE POWER OF GENERATIVE AI IN YOUR CLASSROOM

June 2-4
Slemp Center, 5th
floor, UVA-Wise

Walk away with ready-to-use strategies, lesson plans, and a deeper understanding of AI's role in education!

- **AI Fundamentals and Ethics** -- Understand how generative AI works, strengths and limits, and ethical considerations
- **Teaching AI Literacy** -- Learn strategies to help students evaluate AI outputs, fact check information, and evaluate AI bias
- **AI Tools for Teaching** -- Discover AI-powered lesson plans, instructional strategies, and test prep -- **bring a device for hands-on practice!**
- **AI Integration in the Writing Process** -- Learn how to use AI for research, brainstorming, outlining, and revision.
- **Certificate of Completion** -- worth up to 8 certification points!

Cost \$30

Please check follow-up email for payment link or confirmation of district payment.) Includes lunch on Day 1 and light breakfast.

FREE for college students and retired teachers; registration required.

UVAW faculty: Email ead2y@uvawise.edu to register; check to see if education benefit will cover cost.

Register by April 15 at the QR Code above!
